BACKGROUND AND EXPERIENCE

Please briefly present the partner organization

NEOANALYSIS is a consulting and event management company established in Athens, Greece. Its aim is to provide specialized services in the field of “human resource development” with a focus on consulting services for the planning, monitoring and evaluation projects and programs, on event management and conference organisation, as well as on projects in the field of education and culture.

The company maintains an extensive network of collaborators in Greece and abroad, including big companies of IT systems, academic and research institutions, as well as individual experts. Major clients of NEOANALYSIS include the Hellenic Ministries of Education, of Employment, and of Development, as well as Local Authorities, Research Centres, Life Long Learning Institutions, Environmental Organisations etc. Major projects are Programme and Project Evaluation, Technical Support of Beneficiaries, Enterprise Development, NGOs Development, Social Cohesion Studies etc. NEOANALYSIS is a certified provider of Vocational Guidance and Professional Orientation, as well as of Human Resource Management (HRM).

NEOANALYSIS is proud for having launched an aspiring academic and research initiative in the form of the [Institute of Intelligent Systems](#), which implements scientific activities in the field of Intelligent Systems, and is the permanent organiser of the [Intelligent Tutoring System Conference \(ITS\)](#) series on advanced computer science linked with education, Cognitive Psychology, pedagogy, health and neurosciences, social welfare, sports, transportation, environment, infrastructure, etc.

A novel development of NEOANALYSIS activities is the inauguration of [LYDRAMA brand](#), an innovative cultural service which aspires to bridge culture with tourism, knowledge with pleasure, past with present, drama with soul, through an exciting itinerary of cultural re-discovery.

What are the activities and experience of the organization in the areas relevant for this application?

NEOANALYSIS activities include:

- education, tutoring and training through the use of smart methodologies, innovative education curricula and mentoring
- employability with a focus on human empowerment, skills development and digital accessibility
- consulting services for the planning, monitoring and evaluation of projects and structural programs in various socioeconomic fields such education, environment, sustainability and Intelligent Systems
- planning and organisation of publicity events
- organization of national and international scientific conferences in collaboration with academic institutions in Greece and abroad
- under the Institute of Intelligent Systems umbrella, the company organises conferences, educational seminars, tutorials and workshops for researchers, academics and business representatives on computer technologies, Artificial Intelligence, Intelligent Tutoring Systems and Deep Learning
- under the Lydrama brand, the company offers a variety of cultural/educational trips on a distinct thematic area, such as theater and drama, sports and Olympic Spirit, the Cycle of Water, thematic historical tours (eg. Following Odysseus) addressed to different target groups: school pupils, university students and youngsters, cultural associations, artists and intellectuals or simple tourists. The trips include a variety of activities, such

as guided visits, workshops, interactive events, on-site seminars and group meetings with experts and scientists
